

Dear Friends of Health Promotion,

As a concrete follow up of the conclusions of the Civil Society Sub-plenary Session held at the 7th Global Conference on Health Promotion, Nairobi, 27 October 2009

the NGO Alliance for Health Promotion is proposing a joint intervention at the upcoming

Executive Board meeting of the WHO, Geneva, 18-23 January 2010 - see link to [provisional agenda](#)

on the provisional agenda item [4.9 EB126/12](#) Prevention and control of non communicable diseases: Implementation of the global strategy

We kindly invite your input/recommendations on the draft text attached.

NGOs and Civil Society organisations, please support the attached Statement by putting the name of your organisation and the approx. number of people/members you represent (see first paragraph of the text, for example: ICN, FIP, WMA and FDI - collectively represent 25 million health care professionals worldwide).

We would appreciate your returning us your comments and agreement by adding the name of your organisation before 11th January 2010 in order to leave us sufficient time to finalize the text and submit it to the EB organizers before the meeting.

Those NGOs who are not in official relation with WHO but wish to attend the Executive Board meeting next January, please send us the name of your representative, his/her nationality, postal and e-mail address asap but not later than 4 January so that we can arrange for their accreditation allowing them to participate.

The NGO Alliance for Health Promotion would like to invite all NGOs and Civil Society representatives attending the EB for a consultation meeting in WHO (room 4341) on Tuesday, 19 January at 14.00-17.00.

Look forward to hearing from you very soon.

Best wishes and Seasons' Greetings,

Gabriella Sozanski
Board Member and Secretary
NGO Alliance for Health Promotion
